## Agenda:

1. **Project Goal:** Successful career pivot through stabilized health and validated skills.
2. **Constraints:** \* *Time:* Limited "Deep Work" windows due to caregiving.
  - *Human Capital:* Energy fluctuations managed via Agile.
3. **Communication Plan:** Weekly "Internal Status Reports" to track mood vs. productivity.
4. **Definition of Done:** 100% completion of courses in management, 3 Portfolio Projects, and 30 days of "Green" health status.

## The "Impact Meeting" (Monthly Review)

### Monthly Impact Report

- **Accomplishments:** "Completed Sprint 1 & 2; mitigating a 3-day health relapse without total schedule slippage."
- **Resource Utilization:** "Managed 40 hours of caregiving while maintaining 15 hours/week of technical study."
- **Risk Status:** "R1 (Depression) triggered on 28/Jan/26; Mitigation Strategy 'MVD' was successful. No critical path items were delayed more than 48 hours."
